The hose lengths of the cooling water hoses on the engine

.... could be helpful when replacing the hoses (5-year check).

---

the inlet from the water pump to the cylinders:

Cyl. 1 + 2 = 280 mm
Cyl. 3 + 4 = 180 mm

The outlet from the cylinders to the expansion tank:

Cylinder 1 = 285 mm
Cylinder 2 = 200 mm
Cylinder 3 is a molded hose (P/N 922192)
Cylinder 4 = 85 mm
